

# 5 WAYS TO **BE IRREPLACEABLE** AT WORK

Wan 2. 8

# 01

When you commit to a task,  
make sure that people do not  
have to follow up with you.

Reliability is one of the biggest  
drivers of success.

# 02

**Start with trust.**

You will gain more of it when  
you give it away.

When colleagues feel trusted  
by you, they naturally mirror it  
back — making you the person  
they rely on most.

**Use AI to elevate your work,  
not to create.**

**AI can speed you up, but it  
can't replace judgment,  
creativity, or ownership.**

**The irreplaceable professionals  
use AI to amplify their skills,  
not to avoid using them.**

Talk to people from different departments.

Ask yourself, “What do they know that I don’t?”

The best employees connect dots across departments and bring fresh perspectives others can’t see.

**05**

Be positively unpredictable.

Anyone can meet expectations.

The people you remember are the ones who consistently exceed them, even when no one is watching. That's what creates long-term trust and respect.
