

It requires Great minds to think of valuable Great ideas that solves problems always the correct way! Yes it takes resources to implement small or big ideas.

It depends upon innovativeness of an idea, it could save more than traditional costs, and hence savings of gigantic proportions!

There is only ONE excellent /Noble resolve to most complex or simple problems as compared to many Good or best solutions or useless ideas!

Noble minds are NOT aggressors, they are practical and convincing without FORCE! Feeble minds though may think otherwise. May God help them!

None can win an argument with Average minds!

God will rebuild you in front of those who BROKE You!

Please see the mathematical formulation on this page, it illustrate the devil (virus) can be very small. However can even make progress slow for Godly person. See equation #1 & #2

God or Godly beings, $G' \equiv 10^N$

For God, $N = \infty$ **Saying scientifically or mathematically!**

Let's assume for God like or Godly human beings, $N = 16$, That's 10,000 Trillions

$N = 0.1 = 10^{-1}$, $N = 0.00001 = 10^{-5}$

$N =$ For COVID $= 10^{-16}$, Let's call COVID = D'evil $N =$ For COVID, $D' = 10^{-16}$

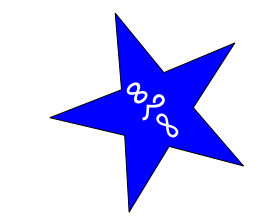

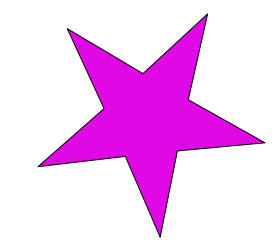

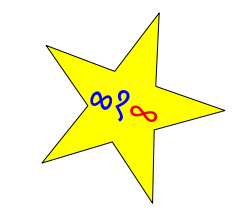

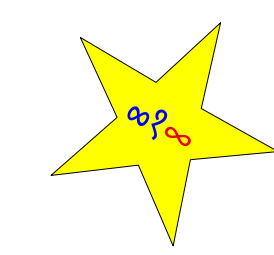

If COVID is devil, $D' \equiv 10^{-16}$

Now we can find product of, **$[G' \times D'] \times c = 0$**

NOTE: unclogged/unfoggy minds think this way!

$c = 0$ or $-N$ (the effects of Negative mindset or Negativity), when, one of the multiplying numbers G' or D' has negative exponent, & equal to positive exponent. In case of, if all exponents are positive, the value for c can enhance the products value by many folds, 10, 100 or ∞ , and hence impact of positivity! On oneself & societies!

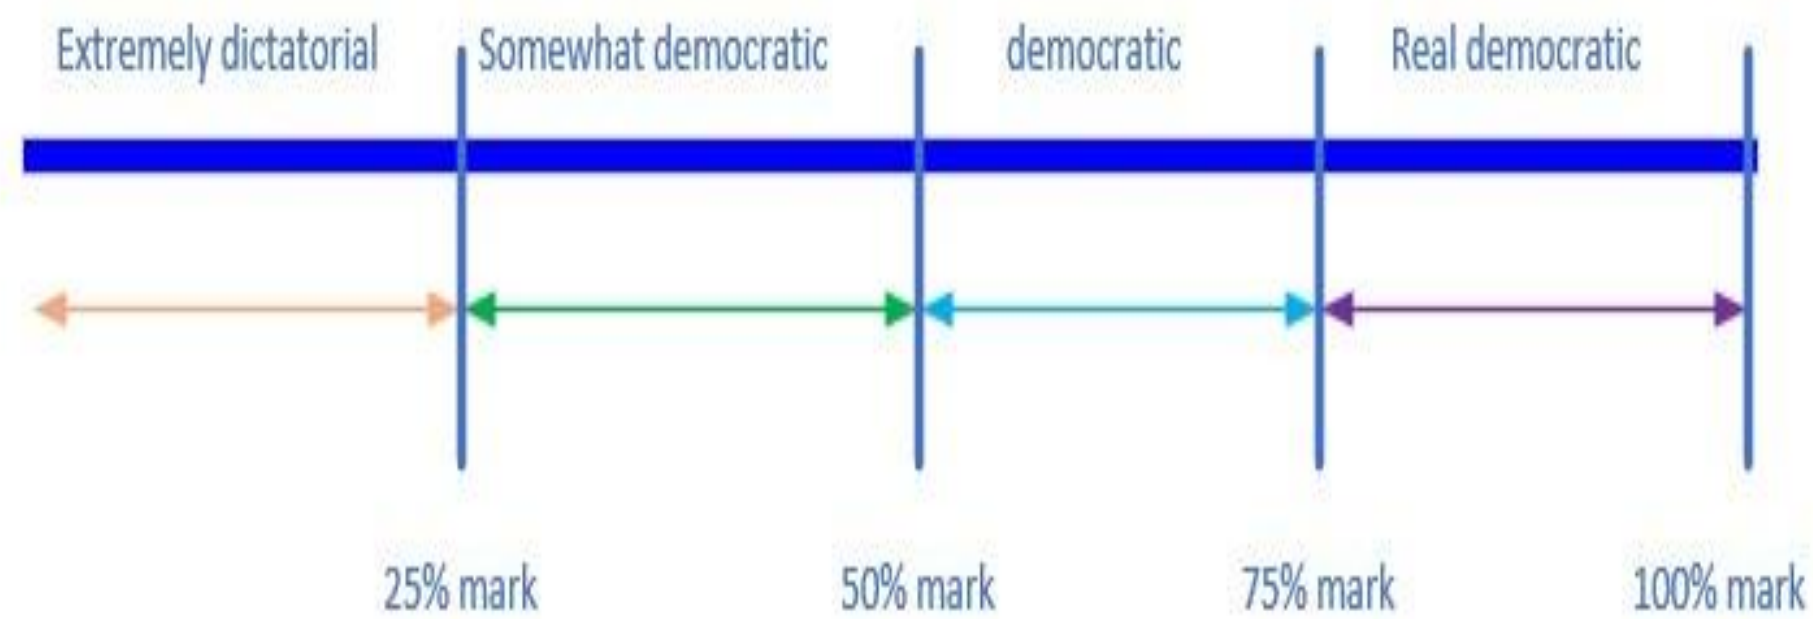

This is the real issue, if COVID starts thinking or assuming that it's GOD not Devil!

Since, there is only One(?) Almighty! However, there are many D'evils or sinners, and hence they fight about who is Bigger etc., not necessarily GREAT! \equiv All Narcissists

- 1.0 When a political system has been in practice for 100 or more years. The citizens may become complacent
- 2.0 A political jolt is needed to make citizens aware of how to protect their democratic rights at all levels.
- 3.0 A political system at 25% mark is somewhat democratic, but not fully democratic.
- 4.0 Please remember civil society is governed by about 50% mark democratic. However, economy is always run by autocrats, which are more or less. just like dictators.

IGNORANCE CREATES PROBLEMS

Ignorance or Analphabetism Breeds Divisions.

Ignorance or illiteracy or Analphabetism breeds divisions in societies also in other words it can be stated that Analphabetism is the formal term for illiteracy, specifically the inability to read and write. It describes a person who is unfamiliar with or cannot comprehend the letters of the alphabet, making them unable to read or write.

Definition: Analphabetism is a noun referring to the state or condition of being an analphabet.

Etymology: The word comes from the Greek "an-" meaning "not" and "alphabetos," referring to knowledge of the alphabet.

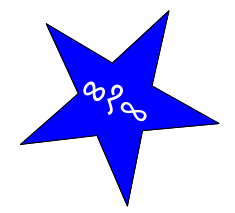

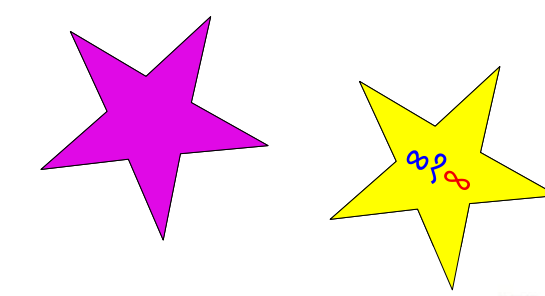

An Expensive education system does same thing, which means. It creates Ignorance.

Ignorance creates slave mentality or slaves.

Brutal Dominance of casteism breeds injustice

You may believe or think whatever you want. However, world body can't be befooled by your tricks or tactics of tacticians!

2. you won't heal by going back to what hurt you.
3. let go of what you can't control.
4. your worth isn't defined by others.
5. you're more than your bad thoughts say.

For your smart phone you have to draw line with your finger across diagonal direction from top Left corner of your phone to RIGHT bottom corner, or from top Right corner to Left Bottom corner or whatever works for your smart phone!

This is well known fact that rainbow has many colors and it can be proven by passing white light through PRISM

Primary Colors: RED (x%)+ Blue (Y%)+ Green (z%) = **white color Light**

LIGHT COLORS: white Blue Red Green Dark/ Black Blue Maroon Pink

An Algorithm (AI) can be developed to find X%, Y% and Z% to produce white light.

Now let's say goal is to produce white light (harmony) or Peace, that it represents.

Press **F5** key on keyboard, to refresh display or screen of your smart phone or PC

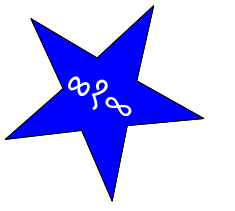

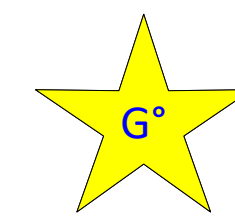

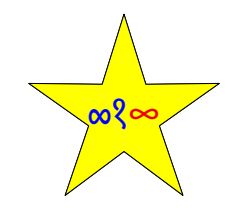

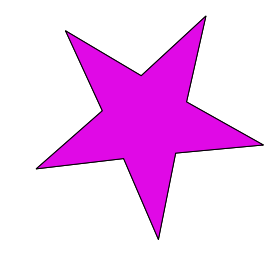

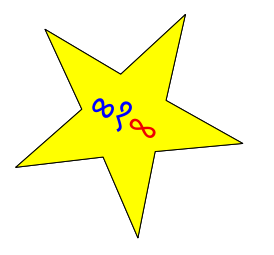

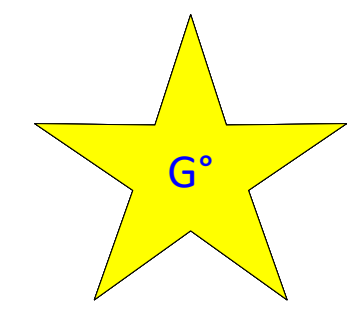

Now add flag colors of all countries then find or see the total sum through formula (AI)

If the total sum is NOT white then a little tweaking may be required!

whose job is it to monitor, which flag color is shifting or overloading light spectrum and producing extra hue that distorts reality or universal goals (aim)! The goal is PEACE! Or white color of independent thinking! If Red is to aggression and Blue is to Peaceful emotions?

The answer is Union of all participating Countries, lets call this Union, United Countries Organization (UCO) or UNO

Let's analyze or dissect deeper into these issues!

The range of values for X and Y for God is $+\infty$ to 0 to $-\infty$

Now we can find product of,

$$X' + Y' + C = 0$$

.....Eqn #1

Let's say X' values corresponds to Godly Man, the range will be +100 to 0 to -100
 Let's say Y' values corresponds to Godly woman, the range will be +100 to 0 to -100
 Let's say the range for values for C corresponds to +10 to 1

When both X' and Y' RE Positive and equal, the value for C = +10. when X' and Y' are not equal C=1, and when X' is positive and Y' is negative, C= 1

Now we can find product of X' & Y' for C=1,

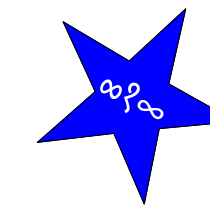

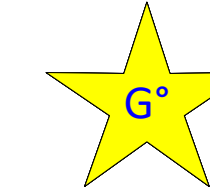

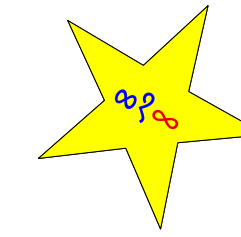

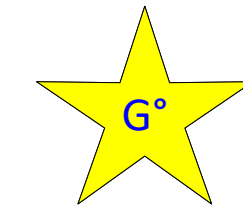

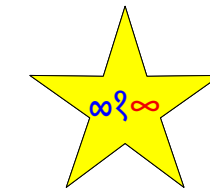

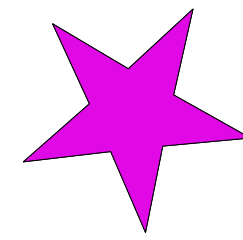

$$-X' + C \leq \text{Range } -100 \text{ to } 0$$

.....Eqn #2

Now we can find product values for X' and Y' both equal to -10 = $-10^{-10} + 1 = 1$

It has been determined from bigger scheme of things.. X' and Y', are equal and same values = +10

Then in bigger scheme of things $+\infty + \{+10\}^{+10} = +\infty$ ---Eqn. #1

Then in bigger scheme of things $-\infty - \{-10\}^{-10} = -\infty$ ---Eqn. #2 Equation for Negative forces or devilish tendencies

Now let's see eqn #1 + eqn #2 ,The result will be ~10Billion - 0 = 10 Billion is winner!

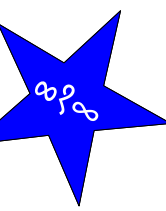

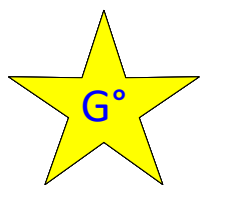

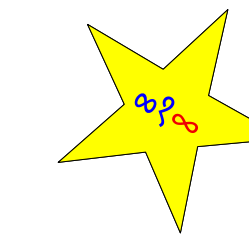

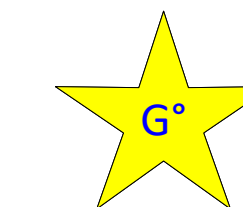

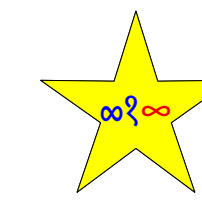

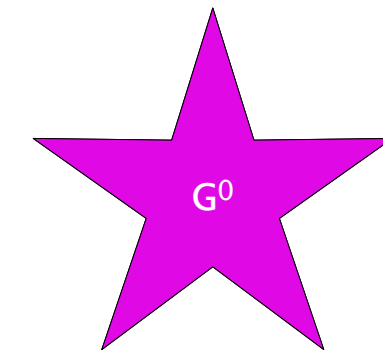

When any force of devilish or negativity is entered into union of Man and woman

You can see effect of postivity only when both man and woman have positive attitudes or mindsets.

These ugly on the inside, wild beasts feed on your weaknesses, hunger, pain, extreme misery, however, very shining and bright looking from the outside. I believe there are 999 out 1000, wildly sick on the inside lurking / hovering / perched all around us all in Western civilizations! This fact about these barbarous These ugly on the inside, wild beasts feed on your weaknesses, hunger, pain, extreme misery. I believe there are 999 out 1000, wildly sick on the inside, prowling/ lurking or creep around us all in Western civilizations! This fact about these barbarous / vicious / Cruel, bastards shall alarm you even more. These habits they have or possess are thousands of years old. Please do not forget always remembering 999 out 1000! These or this type of mindset can be corrected only with two techniques, (i) education or at (ii) at gun point! I am in favor of education, that is a civil way of correcting rogue /reprobate /scoundrel /scalawag / or no good etc., pathetic behaviors! Even Jesu Christ could not escape these scoundrels /rats or rat packs! These most of the ugly Soules, operate either like robots, they sound very monotonous / repetitious / dull /lifeless etc., or Good and Bad Hitler type autocrats! Please NOTE: There may be more easy ways to spot them!

There are three sources of energy in all of us, (a) Physical, (b) mental and spiritual. When you take root-mean-square (RMS) of each capability, you will get $(1^2 + 1^2 + 1^2)^{1/2} = (3)^{1/2} = 1.72$. Now imagine, in a particular society spiritual energy is zero. Then you will get $(2)^{1/2} = 1.41$. The difference between $1.72 - 1.41 = 0.31$. Without spiritual powers, or spiritually void person is 1/3 less than wholesome person. Because of this wholesome, hundreds or thousands of years ago saints, rishi or yogis were able to realize, how far are planets from Earth and all of astronomy knowledge without telescopes! There is a void in western civilizations, they can make calculations only with the help of telescopes or microscopes, not with pure spiritual source human imaginations!

STEM is an acronym for the fields of Science, Technology, Engineering, and Mathematics. These subjects are interconnected and are the foundation for innovation and problem-solving, focusing on a practical and interdisciplinary approach to learning. STEM education emphasizes skills like critical thinking, research, and creativity, and is essential for many careers in today's world.

Those countries, which shall give preference to those leaders, who have best understanding of STEM, shall be better positioned for progress or growth of society as whole, at very fast pace. The STEM is an exact science as compared to ART subjects such as Language, Political science, History, economics, and Law etc. The STEM oriented minds are generally BMM, and solve problems of all sorts very fast. For example, BMM will solve problems in most practical way. The health care fiasco, when divided into its various components, such as, (1) Specialized Health Insurance (SHI), (2) Medicare for all including all retirees and , (3) Medicaid for poor. The SHI can be subjected to higher premiums and regulated by federal regulatory agency.

There are in general Narrow minded mindset (NMM) and Broad Minded mindsets (BMM). The company/ merger of NMM+ BMM usually results in disruptions, due to narrow mindedness. The mis-understandings are created / fabricated due to NMM orientation. Generally speaking NMM people are good advisors to BMM oriented Great leaders. Off course there are always exceptions to these rules or determinations, and hence appropriate caution must be exercised! In general, it is NMM oriented people who causes, all chaos in the world!
