

Theory Vs Practical
I think I know Vs I know,
have a minimum
difference of **\$1 Million**
or more!

www.microvolt.com/2030/Theory_Practical_5.X.pdf

I do understand “No Pains & No Gains”. I do not agree with the mindset or **CRAP SHOOTS**. That all pains are Yours and all gains are MINE”. I do agree with this interpretation that it’s win-win for all parties!

AGREE | some cultures may try to sell helping hand or tools! for infinite amount of money | This was my response to a pictorial/cartoon, where a drowning person was asking for helping hand. You can see that at LinkedIn my posts & activities. Bravo that's 21st century mindset, NOT an archaic type of painful injustice belief to enhance ultra elites' & their cohorts' activities or Agendas | You can't teach someone, who believes in Almighty. He/she may be Godly and NOT above all including GOD! Such belief systems that someone is better or above GOD can create perpetual or never-ending conflicts.

What's the best way to handle TOXIC BULLIES (they force their way or agenda no matter what it can cost as far as long hours (TOLL) are concerned? They just want to pick your brains and want to be LEADERS or Stealers mostly, who have no clues what they are doing!

Be aware. If you can do job of three or four employees. Then you can handle higher rank jobs with higher pay, this will be better option in the long run of your career, than staying at lower level for more money in the form of Over Time. Be very careful how you handle “work” responsibilities or work loads! Good Luck!

Caution For Humans Not Animals

Filthy Rich Dictator-Hitler Type one step shy

Wild Dog

It has been read in Ancient Books that Muslims in, around 7th century through until Maharanja Ranjit Singh (ਮਹਾਰਾਜਾ ਰਣਜੀਤ ਸਿੰਘ) came into command / Power of region known as Bharth(ਭਾਰਤ). The Muslims rulers use to snatch the political power by force from parents (aged/disabled Parents) or brothers by force of weapons, usually (1) By jailing or (2) by force of a weapon, usually swords in use at that time. However, after Maharanja Ranjit Singh ji, Europeans came with rudimentary guns, which were better than Muslims weapons at that time. From 1757 onwards, Muslim rulers were taken over or replaced by European brutal rulers/robbers!

----- ∞ ∩ ∞ ----- ∞ ∩ ∞ -----

CONFIDENCE comes from absolute **understanding**: for example: when a person understands the difference between "Real and Absolute"! Without knowing the crystal-clear difference, your confidence will waver, when he/she realizes, what he/she believes in is "Deep Fake" as compared to Absolute Truth. Absolute Confidence can eliminate "**FEAR**".

--- ∞ ∩ ∞ --- ∞ ∩ ∞ --- ∞ ∩ ∞ ---

You know the process of political power takeover per Muslims and European rulers by trickery or by Force was the logic between 7th century to 18th centuries. It looks like Hindu ruler(s) had different ideas/ techniques to rule forever by taming its subjects by controlling their subjects by controlling what “Foods” will eat their subjects. For example, Hindu Kings & almost or majority of the ministers will eat world class diet, however, to tame its subjects. In order, to eliminate competition of strong leader(s) from under the kings were given order or policies or practices of eating habits in the name of purification of body and hence souls were ordained to be very selective & mostly vegetarian style or type diet.

And you know, how vegetarian diet has been Hindu rulers and or most of the ministers a tool or weapon to keep their subjects physically weak and perhaps psychologically as well. And now the modern practices on top of what has been stated is multi-party political structure. The opposition is weakened by diet and divisions and hence a weaker leader will become “king” or chief.

The best tool available at the time was to make whole population timid so that none can challenge the ruling king.

This mindset, which is to make you just a weaker member of the society, which is ruled by the cruel kings by making you weak permanently. The weak mind will always fight and unable to make sound decisions. Moreover, divisions imposed by other ancient traditions, and religions make the system useless to create strong competition for the rulers.

Your Inside is shaped by What One Thinks/imagines

Your Outside is shaped by Your Actions

You are a Politician, when Inside(s) & Outside(s) are different

There are two types of politicians, (1) Innovative , (2) Toxic

Your Inner Goodness fetches Good, Your Toxicity fetches Toxic or bad behaviors

Believe you can and you're more than halfway there!

Innovative & Toxic Indices

INNOVATIVE INDEX(Degree):

INNOVATIVE INDEX is represented by I_{INDEX}

Degree Innovation of $I_{\infty\infty}$

$$I_{\infty\infty} = I^{\blacklozenge} = I^{\whitebox}$$

Degree of Toxicity = $T_{\infty\infty}$

$$T_{\infty\infty} = T^{\blacklozenge} = T^{\whitebox}$$

$$I^{\blacklozenge} = \frac{\text{Positive Thinking (-Mindset)}}{\text{Toxic Thinking (+Mindset)}}$$

$$T^{\blacklozenge} = \frac{\text{Toxic Thinking (-ve Mindset)}}{\text{Positive Thinking (+ve Mindset)}}$$

$$I^{\blacklozenge} = K \frac{1}{T^{\blacklozenge}}$$

Ranges Of Innovation Index & Toxic Index /Thinking

$$I^{\blacklozenge} = +1 \text{ to } +1000 \quad I^{\whitebox}$$

$$T^{\blacklozenge} = -0.1 \text{ to } 0 \text{ to } -0.001 \quad T^{\whitebox}$$

$$K = -0.0X \text{ to } 0 \text{ to } +0.0Y$$

NOTE: 1 There can be a common question paper for both Positive and negative mindset determinations

2 Q and A Form fill out and Face to face interviews

3 Over the phone filling in form to determine one's mindset

4 ?

Results for Innovative and Toxic mindsets, plug in the values determined per investigations or interactions etc. For the degree of I, and the degree of T. The forms can be in the form Yes or No selections. Or Essay type or preferably ,multiple choices type Q and A

CONFIDENTIAL & PROPRIETARY ALL PAGES

You know the process of political power takeover is very well defined or practiced in a peaceful manner. However at international level it is still chaotic and dangerous or brutal. It doesn't have to be this way. This is where UNO can play a constructive role. Or another organization can work in parallel to minimize or eliminate altogether monopolistic tendencies of one international organization. For example, United Democratic Countries Alliance/Organization (UDCA/O) or simply United Countries Organization (UCO). This will be a Parallel platform, working side by side with UNO to keep both UNO and UCO in check for balance of power at international or Global or beyond or universal scales in order.

I do understand "No Pains & No Gains". I do not agree with the mindset or CRAP SHOOTS. That all pains are Yours and all gains are MINE". I do agree with this interpretation that it's win-win for all parties!

Confidence is not like
“they will like me.”

Confidence is,
“I'll be fine if they don't like me.”

“
"If you educate a man, you
educate an individual, but
if you educate a woman,
you educate a family."
”

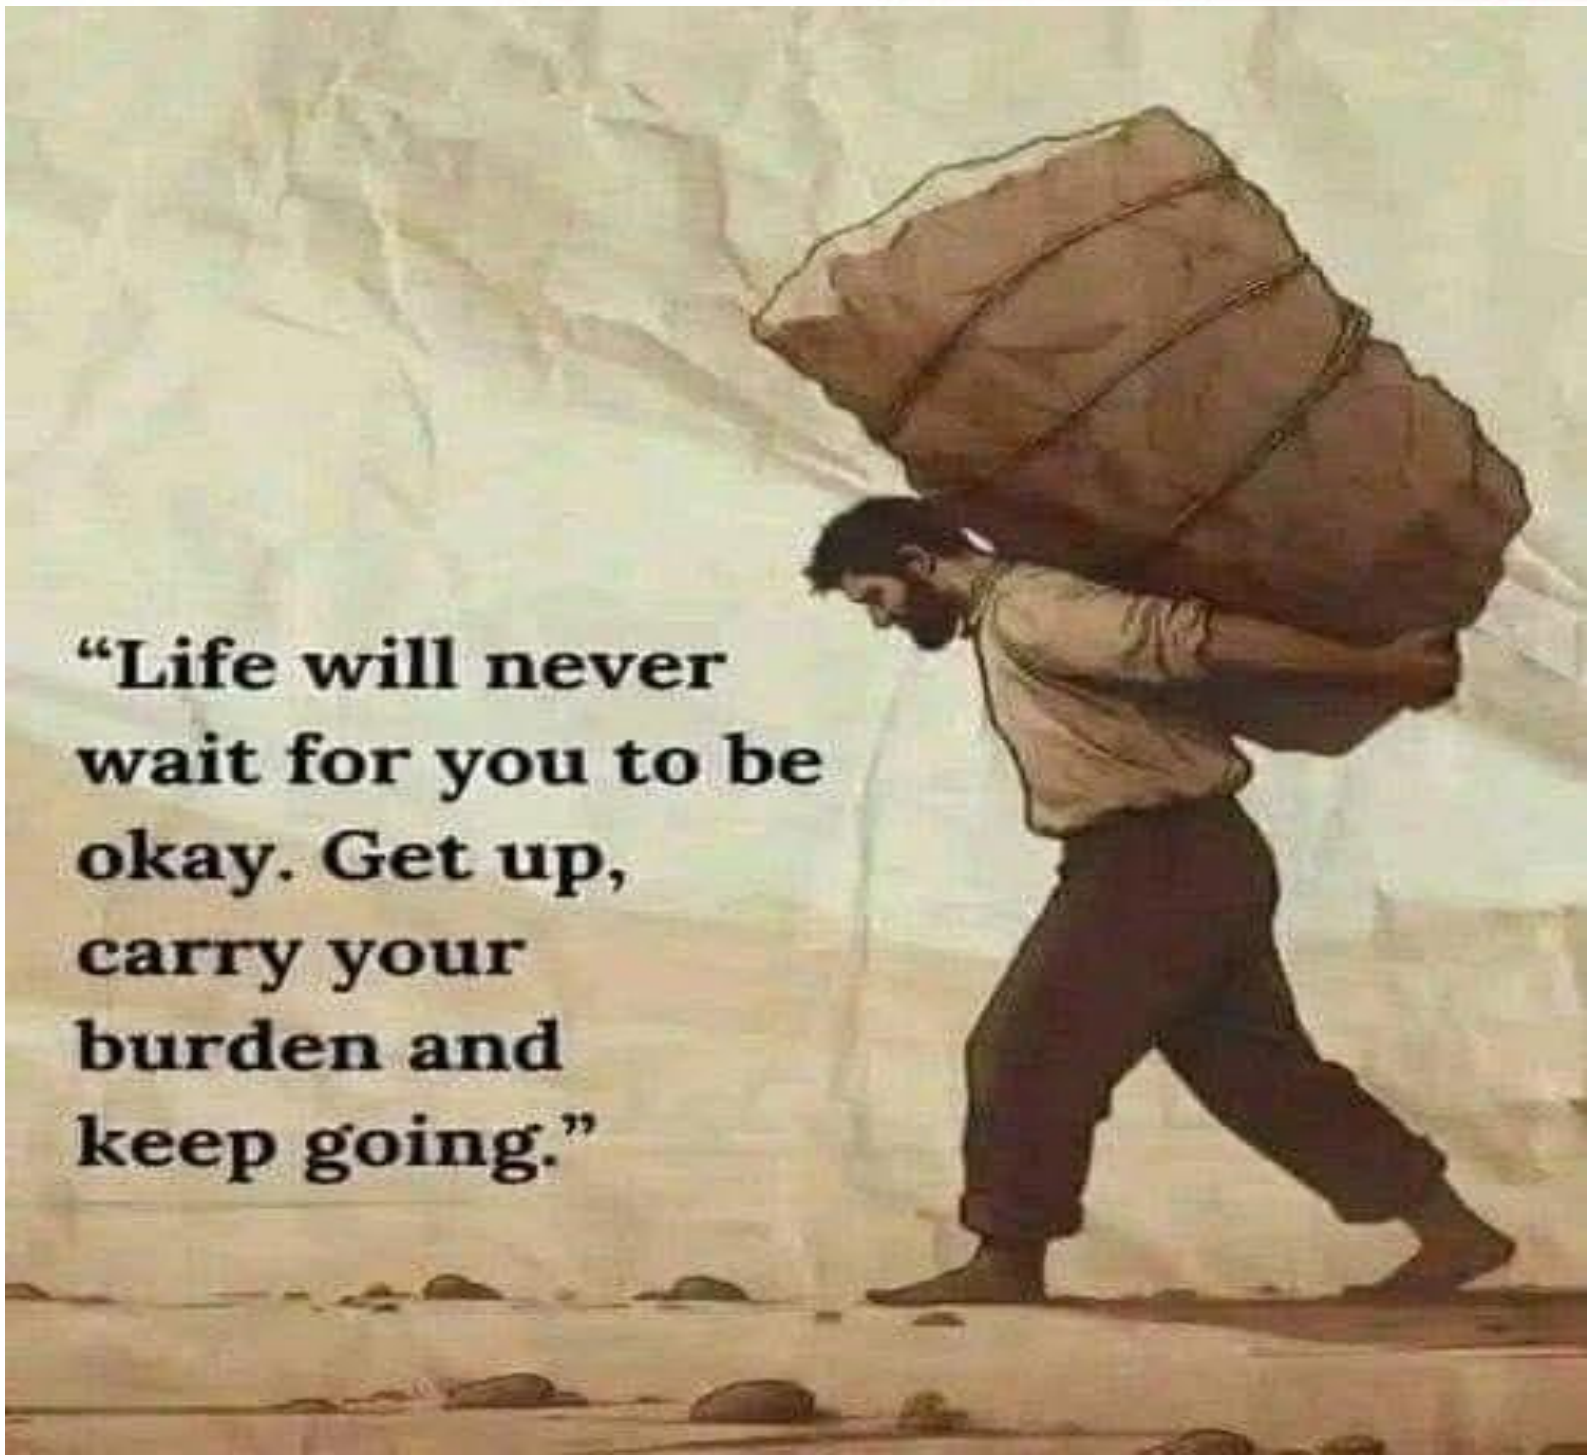

Mahatma Gandhi
