FORMULA

$$\text{Gain} = \frac{2U}{\text{Divider}= 3}$$

$$\text{G} = \frac{2 \times 5U}{\text{Divider}= 3}$$

Don't leave anything for later.
 Later, the coffee gets cold.
 Later, you lose interest.
 Later, the day turns into night.
 Later, people grow up.
 Later, people grow old.
 Later, life goes by.
 Later, you regret not doing something... when you had the chance.
